

## Autism Assessment Appointment

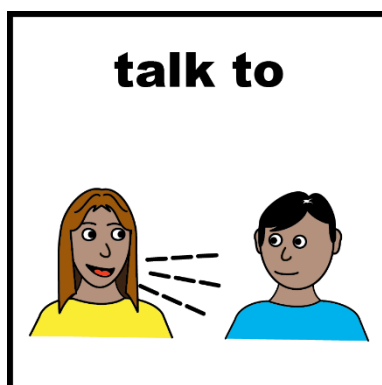

This information will tell you what to expect in your autism assessment appointment.

You will come to see us in one of our health centres.

You will meet with our friendly clinicians.

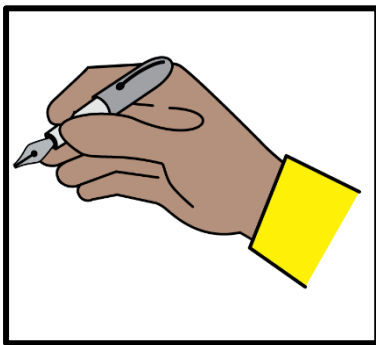

In the appointment, you will get to play, talk and do some activities with one clinician.

## challenges

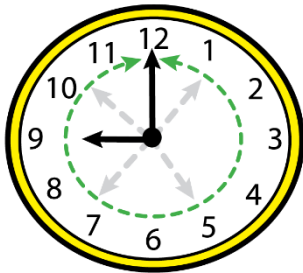

This will help our clinician to understand what you find difficult and what your strengths are.

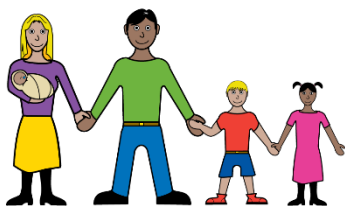

The other clinician will be writing things down.

## 1 hour

The appointment usually takes 1 hour, but sometimes takes a little longer.

## family

When the appointment has finished, we will take you back to the waiting room to your family.
